

Voodoo Juice Plus

(VJ+) TABLETS

VJ+ Tablets are water soluble, effervescent tablets that can dose up to 100 Gallons of water with 10 billion CFUs of beneficial microbes and fungi.

→ Best Practices and Tips:

1. Weekly use of VJ+ is typically sufficient to maintain a healthy rootzone microbial balance, though smaller media may benefit from more frequent applications.
2. Be sure to store the moisture sensitive VJ+ tabs in a sealed, dry place for optimal shelf life.
3. VJ+ can be applied with fertilizers or alone in pH-balanced water to enhance nutrient uptake.
4. VJ+ tablets can be applied as a full day's watering, or as the last irrigation event in precision irrigation strategies.

→ Batch Tank Application:

1. Application Rate: 1 tab per 100 Gallons (380L).
 - a. *For applications smaller than 100 Gal (380L), break the tab into an appropriately sized piece. $1/10 (.1g) = 10 \text{ Gal (40L)}$
2. For best results, pre-dissolve tablets into a separate container before mixing into Batch Tanks.
 - a. Agitate reservoir for 2–5 min to fully incorporate the inoculant.
3. The mixture should be utilized within 24–48 hrs for ideal delivery of microorganisms to the plant's rhizosphere.

→ Stock Tank Application:

1. VJ+ tablets should be mixed into a concentrate of 1 tab per 1 Gal.
 - a. Dosing Rate is 1% (38mL/Gal or 10mL/L) for this concentration.
2. For best results, pre-dissolve tablets into a separate container before mixing stock concentrate tank.
 - a. Only agitate as necessary to fully incorporate the stock solution.
 - b. Do not leave a pump stirring the solution indefinitely, as this can destroy the beneficial microbes.
3. The concentrate should be utilized within 24–48 hours for ideal delivery of microorganisms to the plant's rhizosphere.

POST ROOT DRENCH RE-APPLICATION

After performing root drenches for IPM or Sanitation purposes, re-inoculation is essential to ensure best performance of beneficial microbes.

- BioSafe's Zeritol, Sanidate, and Advanced Nutrients Flo&Gro are commonly used products where a follow-up application of VJ+ would be recommended
- Re-apply Voodoo Juice Plus tablets within 24–48 hrs of root drench to for optimum results.

Every purchase of Voodoo Juice Plus is backed by Advanced Nutrients' ironclad 100% Money-Back Grower Guarantee.
